

Request to license a Sire for AI

Full Name of Sire.....

Registration No. of Tattoo:.....

Country of Origin:.....

Current Owner:.....

Address:.....

Agent/Importer:.....

Address:.....

Signature of applicant:.....Date:.....

Enclosures:-

For the Licensing of a Sire for the sale of Semen within New Zealand the following is required:

- A. A full five generation pedigree, (i.e. animal plus four generations) complete with the country of origin. Herd book numbers, colour and actual percentage purity for each animal.
- B. DNA profile established. Blood typing of the animal is optional.
- C. Imported Sires must be translocation 1/29 tested clear with results made known to the Society.
- D. Fee - \$200 plus GST for International Sires or \$100 +GST for NZ Sires. Fee must be included with application.
- E. Myophosphorylase Tested.

The following must be sought if available:-

- F. A calving summary of the progeny from the sire, which includes the number of calves recorded, percentage death rate, and percentage of difficult calving rate.
- G. Performance information on the Sire and parents should also be provided.

The licence may be revoked by an inquiry at the discretion of the Council. The council may refuse to accept registration of the said bull or resulting progeny if they may do harm to the future of the Breed.
